Workshop of the Health Monitoring of Offshore Wind Farms

Motivation

International Workshop on Health Monitoring of Offshore Wind Farms (HEMOW) is scheduled on Sept.26, 2014 in conjunction with the 2nd International Conference on Structural Health Monitoring and Integrity Management (ICSHMIM2014, http://www.icshmim.com). The workshop is jointly organized by Nanjing University of Aeronautics and Astronautics in China and Newcastle University of the UK. It provides a perfect forum for the exchange of ideas across disciplines encouraging multidisciplinary research collaboration in the growing domain of health monitoring of mechanical systems including but not limited to offshore wind farms. It will also be an ideal platform for strengthening research relationships between the partners. All the delegates to the workshop will be invited to achieve a high level exchange.

Chairman

Prof. Shenfang Yuan, Nanjing University of Aeronautics and Astronautics, China
Prof. Guiyun Tian, Newcastle University, UK

Co-Organizers

West Pomeranian University of Technology, Poland (WPUT)
Indian Institute of Technology, India (IITM)
Zhejiang University, China (ZU)

Organization Committee

Associate Prof. L. Qiu, Nanjing University of Aeronautics and Astronautics, China
Associate Prof. Q. Wang, Nanjing University of Posts and Telecommunications, China
Dr. R. Guo, Nanjing University of Aeronautics and Astronautics, China
