The 2nd International Conference on Structural Health Monitoring and Integrity Management (ICSHMIM2014)

The 2nd International Conference on Structural Health Monitoring and Integrity Management (ICSHMIM2014) will be held from September 25 to 27, 2014, in Nanjing, China. ICSHMIM is an important conference in Structural Health Monitoring, and one of the biggest SHM conferences in the world. The conference is organized by China Instrument and Control Society (CIS), China Special Equipment Inspection and Research Institute, Southeast University and Nanjing University of Aeronautics and Astronautics. The conference provides a perfect forum for scientist and engineers of different disciplines to meet and discuss. The Organizing Committee will invite several famous scholars to deliver a keynote speech, warmly welcome the professionals in SHM to attend the conference.

**Topics for contributing papers include but are not limited to:**
- Smart Sensors/Actuators
- Sensing Network Optimization
- Advanced Monitoring for Load/Environments
- Novel Signal Processing
- Prognostics and Data mining for Health Management
- Advanced Diagnostics Techniques for Damage
- Modeling/Simulations
- SHM-based Structural Design/Intelligent Structures
- SHM applications in different structures (Aerospace/Civil/Mechanical Systems/Off-shore/Marine/Pressured Equipment/ Crane Structures, etc.)
- Quantification/Validation/Certification

**Contributed Papers:**
1. Papers should be focused on the theme, with originality, creativity and academic;
3. All accepted papers will be collected in the proceedings, and indexed by EI; outstanding papers will be selected, and Outstanding Paper Award will be established; excellent papers can be recommended to SCI journals.

**Papers Submission:**
Submission by E-mail attachments (eshmp@vip.163.com) or contribute online (http://www.icshmim.com/2014/en/main/mo_5.aspx?id=1).

**Important Dates:**
- Deadline for Submission of Abstract: April 30, 2014
- Deadline for Submission of Paper: June 30, 2014
- Deadline for Payment of conference fee (Bank Transfer): June 30, 2014

Attachment; List of the Scientific Committee (ICSHMIM2014)
The 2nd International Conference on Structural Health Monitoring and Integrity Management 2014（ICSHMIM2014）

List of the Scientific Committee

Chairman:
Zhishen Wu(Ibaraki University, Japan)
Shenfang Yuan(Nanjing University of Aeronautics and Astronautics, China)

Vice Chairman:
Keqin Ding(China Special Equipment Inspection and Research Institute, China)
Qibo Feng(Beijing Jiaotong University, China)
Hui Li(Harbin Institute of technology, China)
Xinlin Qing(Commercial Aircraft Corporation of China, Ltd., China)
Guiyun Tian(Newcastle University/University of Electronic Science and Technology, UK)

Members (Hong Kong and abroad)
Yun-Kyu An(Korea Advanced Institute of Science & Technology, Korea)
F. Ansari(University of Illinois at Chicago, USA)
Krishnan Balasubramanian (Indian Institute of Technology Madras, India)
C. Boller(Saarland University, Germany)
Fu-Kuo Chang(Stanford University, USA)
Ulrich Gabbert（University of Magdeburg, Germany）
V. Giurgiuhtiu(University of South Carolina, USA)
In Lee (Korea Advanced Institute of Science & Technology, Korea)
Li Cheng (Hong Kong Polytechnic University, China)
Ye Lin（The University of Sydney, Australia）
Y.Q. Ni( Hong Kong Polytechnic University, China)
W. Ostachowicz( Polish Academy of Sciences, Poland)
H. Sohn(Korea Advanced Institute of Science & Technology, Korea)
B. F. Spencer （University of Illinois at Urbana-Champaign, USA）
W.J. Staszewski(AGH University of Science and Technology, Poland)
Zhongqing Su( Hong Kong Polytechnic University, China)
N. Takeda(University of Tokyo, Japan)
Keith Worden（University of Sheffield, UK）
Lu Yong （The University of Edinburgh, England）
Fuh-Gwo Yuan （North Carolina State University, USA）

Members (China):
Wenhua Bai(Commercial Aircraft Corporation of China, Ltd.)
Jinlong Chen(Tianjin University)
Weimin Chen(Chongqing University)
Xuefeng Chen(Xi'an Jiaotong University)
Keqin Ding(China Special Equipment Inspection and Research Institute)
Fajie Duan(Tianjin University)
Qibo Feng(Beijing Jiaotong University)
Cunfu He (Beijing University of Technology)
Yuting He (Air Force Engineering University)
Ning Hu (Chongqing University)
Xiong Hu (Shanghai Maritime University)
Chenguang Huang (Institute of Mechanics, Chinese Academy of Sciences)
Linbin Huang (Southeast University)
Peiyan Huang (South China University of Technology)
Songling Huang (Tsinghua University)
Bo Jia (Fudan University)
Minping Jia (Southeast University)
Ying Lei (Xiamen University)
Jinsong Leng (Harbin Institute of Technology)
Chuan Li (Kunming University of Science and Technology)
Fucai Li (Shanghai Jiao Tong University)
Hongnan Li (Dalian University of Technology)
Hui Li (Harbin Institute of Technology)
Zheng Li (Peking University)
Wei Qing Liu (Nanjing Tech University)
Xiaodong Liu (AVIC Chengdu aircraft design and Research Institute, China)
Pizhong Qiao (Shanghai Jiao Tong University)
Xinlin Qing (Commercial Aircraft Corporation of China, Ltd.)
Jinhao Qiu (Nanjing University of Aeronautics and Astronautics)
Tao Qiu (AVIC Shenyang aircraft design and Research Institute, China)
Bin Shi (Nanjing University)
Liang Sun (China Special Equipment Inspection and Research Institute)
Xiasheng Sun (AVIC Aircraft Strength Research Institute, China)
Dansheng Wang (Huazhong University of Science and Technology)
Guanglong Wang (The College of Mechanical Engineering)
Zhanjun Wu (Dalian University of Technology)
Shanhong Xia (Institute of Electronics, Chinese Academy of Sciences)
Yiqiang Xiang (Zhejiang University)
Yingchun Xiao (AVIC Aircraft Strength Research Institute)
Hui min Xie (Tsinghua University)
Ke Xiong (Nanjing University of Aeronautics and Astronautics)
Jifeng Xu (Commercial Aircraft Corporation of China, Ltd.)
Fuzhen Xuan (East China University of Science and Technology)
Guoan Yang (Air Force Engineering University)
Zhichun Yang (Northwestern Polytechnical University)
Ling Yu (Jinan University)
Shenfang Yuan (Nanjing University of Aeronautics and Astronautics)
Boming Zhang (Beihang University)
Guoan Zhao (Nanjing University of Aeronautics and Astronautics)
Zhan Zhao (Institute of Electronics, Chinese Academy of Sciences)
Hongsheng Zou (Zhejiang University)
